

Skateboard Deterrents

Skateboarders, cyclists and in-line skaters often chip and break retaining walls, benches, planters and other architectural features. CTA Skateboard deterrents are a cost effective way to prevent this disruption and damage.

Skaters enjoy 'grinding' the edges of planters, walls, benches and other architectural features. By installing CTA skateboard deterrents into the faces and edges of these areas you can reduce damage to your property, while maintaining the aesthetic of the area. In some cases property owners can also be responsible for injuries to skaters on their property. Installing skateboard deterrents can help to reduce this potential liability.

CTA Skateboard deterrents are quick and easy to install, they are secure and extremely cost effective. CTA is proud to be a preferred supplier of skateboard deterrents for many local Councils around Australia.

KEY FEATURES

- Designed to handle the large impact forces encountered when coming into contact with skateboards
- Can be installed on chamfered and square edges
- Non-specialised workers can easily install or CTA can install if required
- Available in a multitude of styles including dome or cylindrical knobs, square faced or bull-nosed mountable ribs and recessed blades
- Custom sizes, styles and colours can be manufactured

PRODUCT OPTIONS - DOMES AND BARS

DOME

PRODUCT CODE: CPSBDR20-002-SS

CYLINDRICAL - SMALL

PRODUCT CODE: CPSBDC20-002

CYLINDRICAL - LARGE

PRODUCT CODE: CPSBDC40-002

MATERIAL

Manufactured from 316 marine grade stainless steel or tempered aluminium, they are available with an mill finish, or can be clear anodized. Where an anodised finish is required a full spectrum of attractive colours, including safety colours can be specified.

APPLICATIONS

Easy to install over most substrates, including timber, concrete, brick and steel structures.

DIMENSIONS

Designed with a large 30mm long fixing spigot for extra strength and security. See right for product details.

COMPLIANCE

All CTA products conform with the requirements of the Australian standards and have been tested by CSIRO.

WARRANTY

CTA provides a comprehensive warranty, in accordance with our published warranty statement which can be viewed on cobbletac.com.
