

PosiTread® Range

Available in four different styles, and as both angles and treads, PosiTread® is a sleek, architectural option that will enhance the aesthetic of any space. Manufactured from hard anodised aluminium, PosiTread® provides great looks without compromising on safety.

PosiTread® is the first choice for many specifiers when looking for a low profile stair nosing that complies with standards but doesn't distract from the design.

PosiTread® is available in four different P4 and P5 rated styles, and finished in silver, black or brushed black hard anodised aluminium.

Supplied cut to length up to 3.6m, PosiTread® is quick and easy to install with a suitable adhesive.

KEY FEATURES

- Suitable for internal and external application
- Four styles available
- P4 and P5 rated to meet relevant standards
- Finished in silver, black or brushed black hard anodised aluminium
- Quick and easy DIY installation

MATERIAL

Manufactured from high quality, hard anodised aluminium extrusions in silver, black and brushed black.

APPLICATIONS

PosiTread® is suitable for light traffic areas both internally and externally. Suitable with all hard surfaces.

DIMENSIONS

Please see product diagrams for product specific dimensions.

INSTALLATION

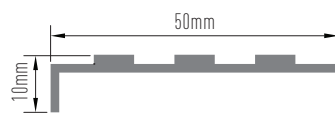

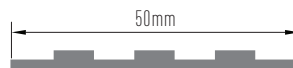

PosiTread® is installed directly onto stair treads using a suitable adhesive. Please see the PosiTread® installation instructions and the CTA list of Approved Products for further information.

COMPLIANCE

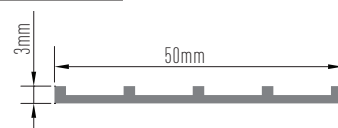

All CTA products conform with the requirements of the Australian standards and are tested by NATA certified labs.

Please consult with CTA for relevant test reports:

- AS1428:2009 Design for access and mobility
- AS4586:2013 Slip resistance classifications for new pedestrian surface materials
- NCC - National Construction Codes
